LIBERTYMAT™
GROUND PROTECTION MAT
PRODUCT INFORMATION BROCHURE

LibertyMat™ is a high-quality ground protection mat designed as an ideal handleable solution in a wide range of applications including temporary roadways, work pads, material storage areas, or as pedestrian access. Thanks to its flexible design, the mat is able to follow the contours of undulating or sloping ground conditions.

LibertyMat™ is light at just 77 lbs, it can easily be deployed by a two-person team, making LibertyMat™ fast and easy to install. LibertyMat™ also has strategically positioned hand holes for use ease of handling. The mat features our unique Chevron Traction® surface design providing optimal grip and improved forward motion of vehicles. LibertyMat™ has connector options available to suit any ground conditions including 2- and 4-way connectors for quicker installations.

- **100% recycled high-density polyethylene (HDPE)**
- **Chevron Traction® surface design for increased grip**
- **Hand holes for easy maneuverability**
- **Supports loads of up to 80 tons***
- **Tough two- or four-way urethane connectors**
- **Connection points at each corner of the mat**
- **Man-deployable**
- **Molds to uneven or undulating ground conditions due to its flexibility**
